

Dr Kelly
Schilling

Dr Kelly Schilling (B. Med Sci, MBBS (Hons), FRANZCP, Adv. Cert. POA) is a Consultant Psychiatrist with rooms located at Belmont Private Hospital and is admitting inpatients.

Dr Schilling is a qualified General Adult and Old Age Psychiatrist. She has a special interest in late-life depressive, psychotic and anxiety disorders in addition to dementia diagnosis and management. Dr Schilling is experienced in managing psychiatric illness in medically complex patients.

Dr Schilling currently also works for Dementia Services Australia as a Clinical Associate. She has worked as an Old Age Psychiatrist in the Metro South and Gold Coast areas and completed her psychiatric training in Queensland after graduating from University of Tasmania in 2001.

Dr Schilling has also acted as a lecturer for The Royal Australian and New Zealand College of Psychiatry and has supported psychiatric registrars and medical students in their training.

To arrange an appointment or referral, please contact Dr Schilling's private consulting suites on 3398 0272 or fax 3055 9331.
